Skylar's Words of Gratitude

I am so grateful and honored to have been selected for this award. I knew coming to Santa Barbara City College I would be receiving the best education a community college can offer, but I had no idea what that meant. The professors and faculty at this college go above and beyond to help students succeed not just because it is their job, but because they truly care. I want to thank all of the wonderful professors I've had who taught me so much and allowed my passion for the field of Communication to grow; you are all amazing. A special thank you to everyone involved in Sigma Chi Eta who deepened my understanding of this wonderful major and the good it can bring to the world. I leave this college inspired and excited for the future. Thank you all for your mentorship that has ignited my passion for learning and Communication.
